

## **ARCadia Hotel Budapest \*\*\*\***

### **Hotel Information**

ARCadia Hotel Budapest \*\*\*\* opened its gates on the 1st of April in 2014.

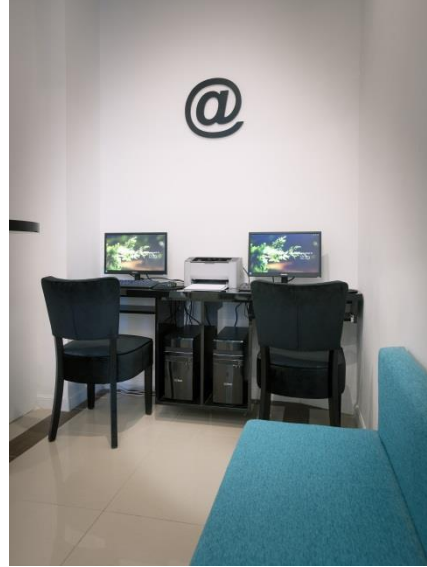

The historic arched building itself was built in the early 20th century but the interior designed by the latest fashion and newest trends with 113 rooms spread amongst 5 floors, makes the hotel a truly unique choice for the guests.

### **ARCadia Location**

The hotel is situated directly in the neighborhood of the Synagogue and the Deák Ferenc square - the most important public transportation hub of Budapest is only one minute away; within 2 minutes' walk from the Andrássy Avenue and the Basilica; 5 minutes' walk from the Váci pedestrian street and the Danube Promenade.

## ARCadia Hotel Rooms

Arcadia Hotel Budapest offers 113 newly furnished rooms; among these we distinguish 4 different room types in terms of size and facilities. The room types include Superior, Standard, Economy rooms and a limited number of Suites, each with high quality services, very spacious and modern style. Each room is equipped with a private bathroom including a large bathtub or shower as well as heated towel racks and hair-dryer. All rooms are fitted with air-conditioning system (heating & cooling), minibar, laptop-size safe, free Wi-Fi, LCD TV with satellite channels. All cosy rooms are furnished with a simple décor.

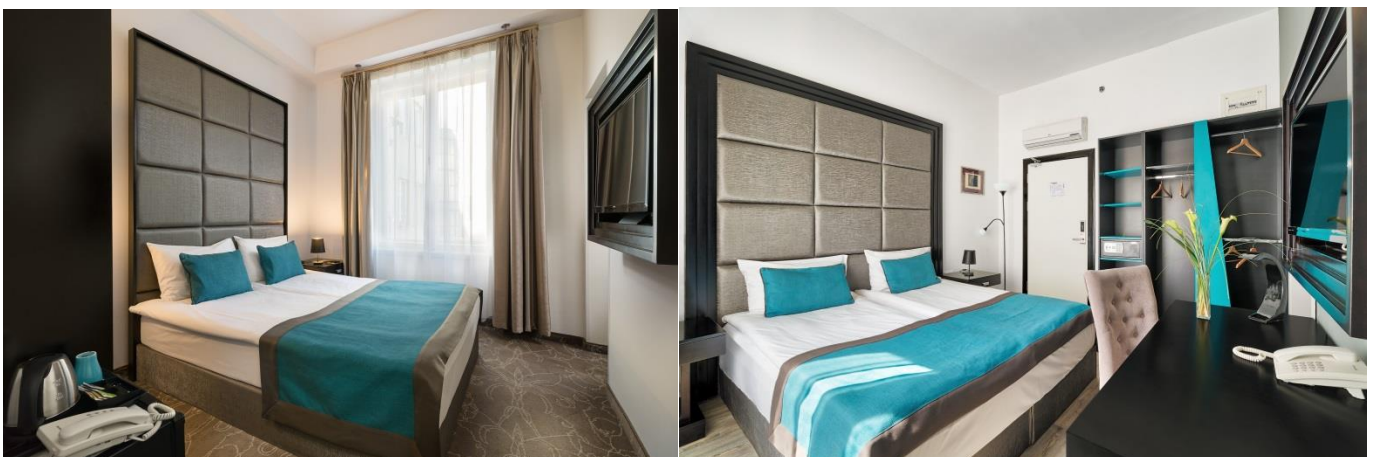

### **Rooms with Hill and City view:** only some of Standard & Superior rooms

Enjoy the view of the Gellért Hill and the historical Madách Square directly from the comforts of your newly renovated room in Budapest. Based on capacity you can upgrade your room category at a 10 EUR/room/night additional cost and have panoramic view of the city.

### **Economy rooms**

Our most intimate rooms are the Economy rooms with their average size around 16 -18 square meters. This room can be reserved only with double bed. Economy room type is an ideal choice for couples who are spending short stay in the city, and executives alike, who are travelling alone. All rooms are equipped with high-speed internet access making them the ideal place to work from. Our Economy rooms are facing to the street or to the backyard of the hotel.

## Standard rooms

The rooms can be customized to your comfort, either with one large double bed or with two separate beds. The size of an average Standard room is between 20-25 square meters. Some of our standard doubles can accommodate three persons by adding an extra roll away extra bed. The rooms have been completely renovated, most of them covered with vinyl flooring, others are carpeted.

## Superior rooms

All newly built and designed by the latest fashion. You can enjoy the Superior rooms with a minimum of 22-30 square meters. Rooms above 25 square meters are suitable for maximum 3 adults or 2 adults and 2 children by adding an extra roll away bed or using the fixed sofas. Most of the rooms are covered with vinyl flooring, others are carpeted. According to your preference, the rooms can be reserved with double bed or two separate (twin) beds.

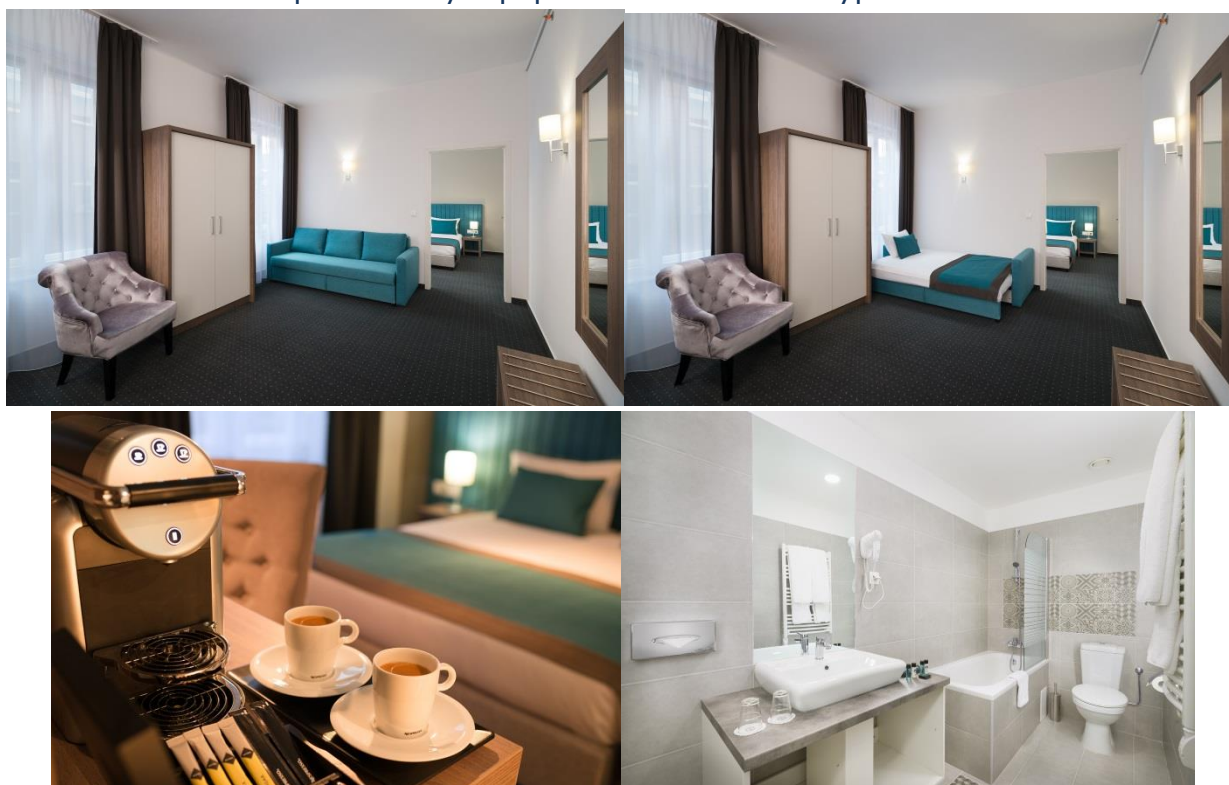

## ARCadia Suites

The most spacious rooms in our hotel are the two-bedroom Suites with their average size around 30-40 square meters. This set up offers master bedroom which can be separated with a sliding door, and suitable for 2 persons with a large double bed or two separate (twin) beds. Moreover guests can find a comfortable sofa bed in the living room area, which is convenient for a third adult or maximum 2 children. Guests of these upper level rooms enjoy vinyl floors, or carpet comfort, individually controllable air-conditioning system in every room, safe and minibar.

Enjoy a cup of coffee at any moment of the day, relax and sip a luscious cup of Nespresso coffee machines are complementary equipment in this room type.

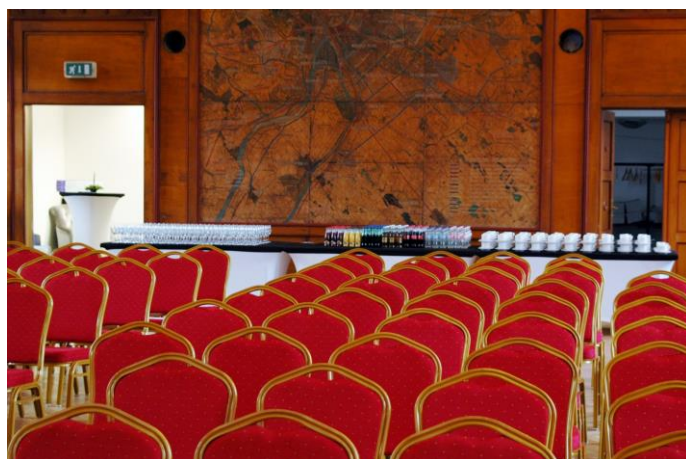

## Meetings & Events

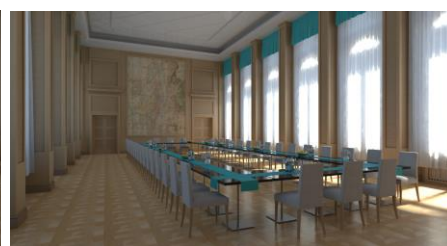

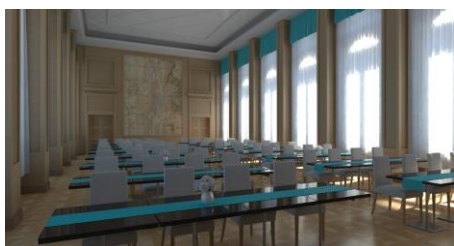

The hotel's great Conference Hall is a perfect place for conferences, meeting, parties, overlooking the Madách Imre square with an outstanding view to the Gellért Hill with Citadell. The air-conditioned room is 165 m2 and can accommodate about 120 people and provide all the necessary equipment for conferences such as projector, screen and flip chart. The room has a great inside height with all windows on two sides that can give perfect natural light.
